

KENYA IS CALLING

My country is rich in tenacity
Citizens bare so much responsibility
Yet, Bungoma calls you to the city
Bring your love, enjoy our simplicity

Come share precious gifts with us
Whether by plane, water or road bus
We'll welcome your genuine touch
Our motto states, "In God We Trust"!

A piercing plea, by day or twilight
Is framed from yearning, prayerful insight;
Help rescue us from perplexing plights
Then we with you, shall enjoy godly delights

So my people are ever tenacious
Mind, spirit, soul are extremely gracious
Never, never a smile fictitious
My people love God, they're bodacious

Now hurry, time we must not lose
Its presence to embrace, cannot refuse
Esteemed saints, pay your time dues
Imminent progress, you we choose

So your visit to villages and suburbs
Surely will help us proclaim a message we've heard
Love, Jesus Christ and His Holy Word
Then we shall leap forward as a doe's surge

In the midst of citizens toiling
Bungoma is waiting, Kenya Is Calling !
